ABSTRACT

The laws covered in this report were initiated as part of a federal policy of assisting school districts financially burdened as a result of new or expanded federal activities. Public Law 81-874 authorizes financial assistance for maintenance and operation of schools that have been financially burdened by government activities. Public Law 81-815 authorizes federal financial assistance for construction of urgently needed minimum school facilities in school districts having substantial membership increases due to new or increased federal activities. A seperate section of the report contains information on federal disaster aid for schools. Provisions for such aid are included in both the laws discussed here. The bulk of this report is made up of statistical tables covering payments to and current expenditures of local education agencies and related information. (Author/IRT)

LETTER OF TRANSMITTAL

DEPARTMENT OF
HEALTH, EDUCATION, AND WELFARE

Office of Education

Washington, D.C. 20202

TO the CONGRESS OF THE UNITED STATES:

As Commissioner of Education I have the honor to submit herewith the twenty-third report concerning the administration of Title I of Public Law 81-874 and Public Law 81-815, as amended, including a detailed statement of receipts and disbursements, for the Fiscal Year which ended on June 30, 1973.

This report was prepared by the Division of School Assistance in Federally Affected Areas and is transmitted in accordance with the requirements of subsection 401(c) of Public Law 81-874 and subsection 12(c) of Public Law 81-815.

Respectfully,

John Ottina
U.S. Commissioner
of Education

# I. INTRODUCTION

### Major Program Trends

When Public Laws 81–815 and 81–874 were enacted in 1950, the Congress initiated a Federal policy for assisting school districts financially burdened as a result of new or expanded Federal activities. At that time no one knew how long or on what scale the programs would be needed or what the initial or continuing costs would be. A review of the 23 years of operation shows a steady growth in the aid program authorized by Public Law 81–874; after the first 3 or 4 years, however, there was a leveling out and gradual tapering off for the school construction program authorized by Public Law 81–815.

### Public Law 81–874

In the first year of operation, 1,172 school districts were eligible for maintenance and operation assistance on account of 512,000 federally connected children in average daily attendance at a total cost of $29.6 million. These districts had a total average daily attendance of 2.9 million; their total current expenses were more than half a billion dollars; the average per pupil cost was $176.76; and the average local contribution rate was $106.82.

In every one of the 23 years since the program was inaugurated there has been an increase in each of these items of program activity, except in the number of applications filed. Slightly fewer applications were received for fiscal years 1964–67 inclusive. The decrease reflected the many consolidations and reorganizations which had taken place rather than a reduction in the number of local education agencies eligible for assistance. From fiscal years 1968 through 1971 the number of applications increased each year, but in fiscal years 1972 and 1973 there were small decreases. (See chart 1.) In fiscal year 1973 there were 4,574 eligible school districts with more than 24.7 million pupils in attendance, of whom about 2.2 million were federally connected. Total cost of the program was $633.1 million, and total current operating expenses in these districts were $23.6 billion. The average cost per pupil was $955.81, and the average local contribution rate was $519.84.

This continued substantial program growth is due to the increase in the number of school children (both federally connected and nonfederally connected), liberalization of the legislation, continued high Federal expenditures for national security and domestic development, and the ever increasing costs of education for both federally connected and nonfederally connected children, compounded by the effects of continuing inflation.

Growth in the impacted areas program reflects national trends to a substantial degree. The average enrollment of federally connected children for the first 17 years held close to 15 percent of the total enrollment, and the Federal payments approximated 5 percent of the operating costs in the eligible districts. In fiscal year 1973 these percentages were about 9 and 2, respectively.

### Public Law 81–815

A large backlog of needed school construction had developed in federally affected areas prior to 1950 because only the most urgently needed school facilities were constructed in these areas during and immediately after World War II. Thus, the 1,128 applications filed and the more than 900 applications approved during the first 2 years of Public Law 81–815 operation (1950–52) were the largest numbers during any 2-year increase period.

The number of applications filed averaged between 700 and 800, and the number approved averaged nearly 500 for each 2-year increase period from 1952 through 1958. During the same interval, program requirements averaged $81.8 million a year. There was a decrease in requirements after 1958, and for a number of years program costs remained relatively stable, ranging from $60 million down to $50 million a year. Eligiblity requirements were liberalized in 1966, and program costs are now about $80 million a year.

### Federal-State-Local Relations

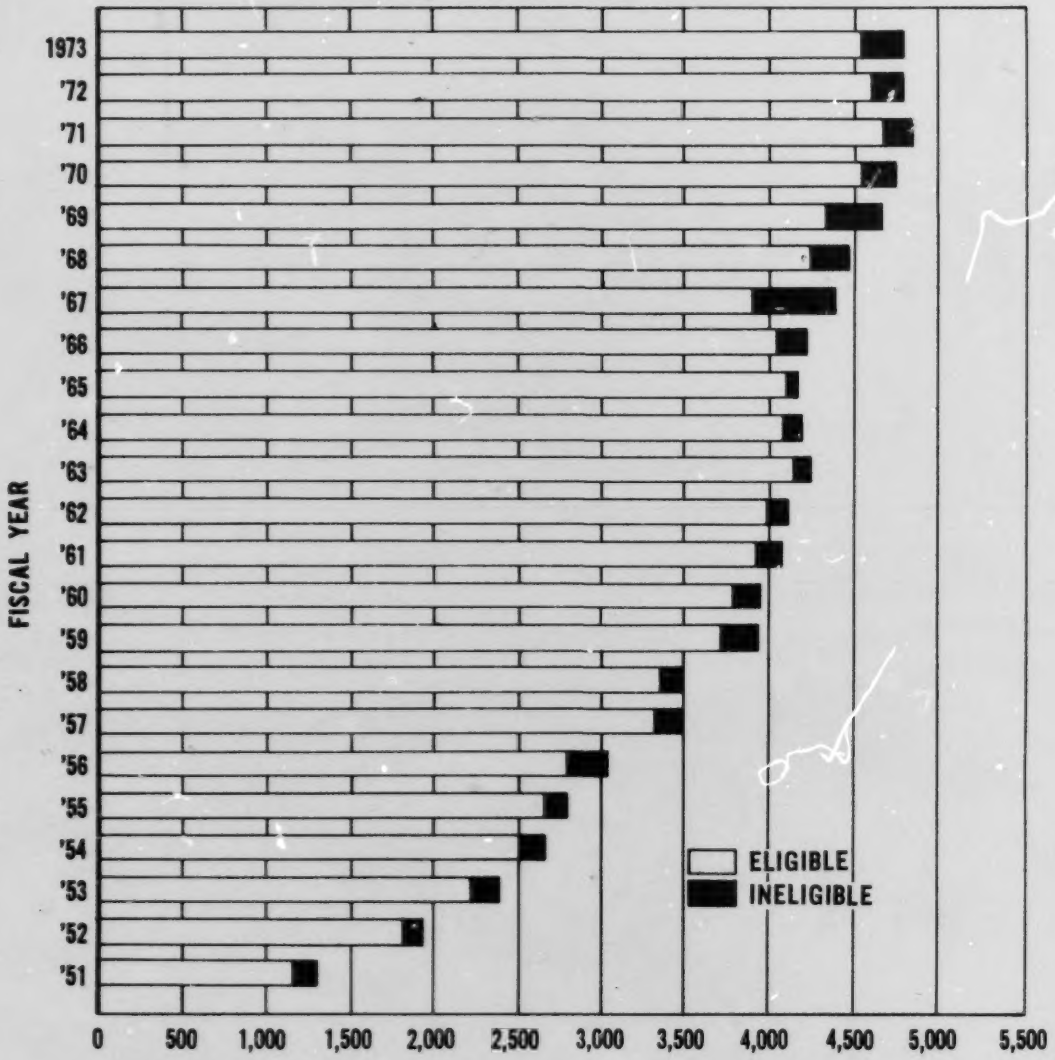
Public Laws 81–874 and 81–815 authorize Federal payments directly to the eligible local education agencies. Applications for assistance under both laws are submitted to the Commissioner of Education through the State education agencies, which certify that the data contained therein are accurate insofar as records in State offices are concerned.

Each chief State school officer has designated one or more State representatives for the school assistance program to work with the local education agencies and with the field program officers of the Office of Education in the administration of the program and in the development of applications for aid. Representatives of the Office are available to assist State education agencies and through them local education agencies. These representatives advise applicant districts on the maintenance of records with respect to the specific pupil and financial data required to support their claims.

### Federal Property

The principal basis on which payments to local education agencies are authorized under the provisions of Public Law 81–815 and title I of Public

CHART 1.—Public Law 81–874, Title I: Number of Applications From Local Education Agencies: Fiscal Years 1951–1973



Law 81–874 is the existence of Federal property, on which school children reside with their parents or on which their parents are employed, in a school district or within the same State. Federal properties in other States may also be considered as a basis for payments if they are located within reasonable commuting distance. Federal property, as defined by these laws, is: ". . . real property . . . owned . . . or . . . leased by the United States . . . not subject to taxation by any State or any political subdivision of a State or by the District of Columbia. . . ."

Included in the definition is ". . . any interest in Federal property . . . under an easement, lease, license, permit, or other arrangement, as well as any improvements of any nature (other than pipelines or utility lines) on such property even though such interests or improvements are subject to taxation by a State or political subdivision of a State or by the District of Columbia. . . ." For the purpose of Public Law 81–874 only, the term "Federal property" also includes ". . . for 1 year beyond the end of the fiscal year in which occurred the sale or transfer thereof by

the United States, any property considered prior to such sale or transfer to be Federal property for the purposes of this Act. . . ."

Beginning with the 1970–71 school year, the definition in Public Law 81–874 was amended to include any low-rent housing (whether or not owned by the United States) which is a part of a low-rent housing project assisted under the United States Housing Act of 1937, section 516 of the Housing Act of 1949, or part B of title III of the Economic Opportunity Act of 1964. Public Law 81–815 was amended to include only the low-rent housing assisted under the United States Housing Act of 1937. However, the amendments authorizing eligibility of the low-rent housing also provided that funds appropriated for the impact aid program should not be paid on behalf of children residing therein and/or having parents employed thereon until other requirements of the acts were met.

A local education agency's eligibility under most sections of the acts, therefore, is based on certain conditions of the real property on which school children reside or on which their parents are employed. It is necessary to determine whether the real property is owned, wholly or in part, by the Federal Government; whether it is leased by the Federal Government and not subject to taxation; for what purposes the property is used; and whether the Federal property was sold or transferred, wholly or in part, and the effective date of such sale or transfer.

Under some circumstances further qualifying determinations are required. When a Federal property and a private property are used jointly (commingled) and the employee's working time is divided between both portions, the percentage of time spent by the employees on each portion must be estimated.

The number and acreage of qualifying Federal properties claimed by applicants for the 1970–71 school year—the latest year for which these figures are available—are listed in table A by Federal agency having jurisdiction and in table 7 (p. 129) by State.

According to the most recent report of the General Services Administration the Federal Government owns 20,643 different installations throughout the United States. School districts have claimed 6,318 owned or leased properties as well as low-rent housing projects as a basis for applications under Public Laws 81–874 and 81–815 during the 1972–73 school year.

#### Legislative Changes

Numerous amendments have been made to Public Laws 81–874 and 81–815 since their enactment. These changes have been described in some detail in the various annual reports of the U.S. Commissioner of Education for the fiscal years in which the amendments became effective. The most recent legislative changes are described in detail in the appropriate chapters of this text.

#### Civil Rights Act of 1964

All school districts eligible for Federal assistance under title I of Public Law 81–874 in the 1972–73 school year were certified as being in compliance with title VI of the Civil Rights Act of 1964.

#### Fair Employment Practices

During fiscal year 1973 applicants were required, as a condition for receipt of funds under Public Law 81–815, to give assurance that they would comply with the rules, regulations, and

relevant orders of the President's Committee on Equal Employment Opportunity for all school construction projects approved for a grant of funds. This assurance was obtained as a part of the application for assistance.

**Suitable Free Public Education**

The eight projects constructed on eight military bases in 1963 in order to provide suitable free public education for on-base children were operated by the Federal Government under section 6 of Public Law 81-874 during fiscal year 1973. These projects, all for elementary school children, were constructed on: Fort McClellan, Fort Rucker, and Maxwell Air Force Base in Alabama; Fort Stewart and Warner Robins Air Force Base in Georgia; England Air Force Base in Louisiana; and Fort Jackson and Myrtle Beach Air Force Base in South Carolina.

# II. PUBLIC LAW 81–874
# TITLES I AND IV

## Providing Financial Assistance For Maintenance And Operation Of Schools In Federally Affected Areas

### AUTHORIZING LEGISLATION

Authorization for the federally affected areas program under Public Law 81–874 is contained in sections 1 through 6 of title I and sections 401 through 403, title IV. Section 7 of title I extends financial assistance to local education agencies affected by a major disaster. Section 7 and the program of disaster assistance are treated separately in this report.

Title I authorizes financial assistance for maintenance and operation of schools to local education agencies on which activities of the United States have placed a financial burden. It recognizes the following categories of burden for payment purposes:

1. Reduction in local revenues by reason of acquisition of real property by the United States (section 2).
2. Provision of education to children who reside on Federal property or reside with a parent employed on Federal property. A child of a parent on active duty in the uniformed services is usually considered as residing with a parent employed on Federal property in the State of the child's residence (section 3).
3. Sudden and substantial increases in school attendance as a direct result of activities of the United States carried on either directly or through a contractor (section 4).

This title provides also for transfer of operating funds to other Federal agencies when no local education agency is able to furnish free public education for children residing on Federal property (section 6).

Title IV authorizes reimbursement of Federal agencies supplying custodial, transportation, or maintenance services for children residing on Federal property (section 402).

An analysis of eligibility requirements and entitlement formulas by section follows under the heading *Administration—Payment Provisions*. Public Law 85–620, approved August 12, 1958, made permanent the provisions for payment for children who reside on Federal property with a parent employed on Federal property. Authorization for payment for all other categories of Federal impact has been extended from time to time. The latest extension, to June 30, 1973, was made by Public Law 91–230, approved April 13, 1970.

### ADMINISTRATION

The federally affected areas program under Public Law 81–874 is administered by the U.S. Commissioner of Education under authority vested in him by section 401, title IV. This section requires him to make an annual report to the Congress including a full account of the administration of his functions and a detailed statement of receipts and disbursements. It also prohibits him from:

1. Exercising any direction, supervision, or control over the personnel, curriculum, or program of instruction of any school or school system of any local or State education agency; and
2. Requiring the assignment or transportation of students or teachers to overcome racial imbalance.

#### Functions of the Commissioner

The statute places on the Commissioner discretionary powers and mandatory responsibilities. He may make such regulations and perform such functions as he finds necessary to carry out its provisions. He is required, however, to determine the eligibility and the rate of payment for each applicant. He must determine the entitlement of eligible applicants and pay from time to time the amount which, in his judgment, is due them. He is responsible for making arrangements to provide free public education for certain children residing on Federal property. If funds appropriated for payments for a fiscal year are insufficient to meet estimated requirements, he is obligated to prorate to claimants under sections 2, 3,[1] and 4 those funds in excess of the amount estimated for purposes of sections 6 and 402(a).

The law requires the Commissioner to make judgments as to the degree of financial burden placed on local school districts; the reasonableness of local tax effort; the acceptability of "generally comparable districts"; and the suitability of

[1] Under the appropriation authority for fiscal year 1973, section 3(a) claims which represented 25 percent or more of total average daily attendance of the current year were exempt from proration. Those which represented less than 25 percent were limited to 90 percent. Section 3(b) was limited to 68 percent of entitlement. Funds were adequate to pay other subsections of section 3 and all of sections 2, 4, 6, and 7 at 100 percent except that no funds were available to make any payments for low-rent housing pupils.

**TABLE B.—Public Law 81–874, title I, sections 2, 3, and 4: Number of applicants eligible and ineligible, by subsections of the act: fiscal year 1973**

| Subsection | Number of applicants | | | |
|---|---|---|---|---|
| | Total | Eligible | Ineligible | Pending |
| Total applicants | 4,727 | 4,574 | 153 | |
| 3(c)(1) | 4,565 | 4,413 | 152 | |
| 3(c)(4) | 3 | 1 | | 2 |
| 3(d) | 2 | 2 | | |
| 3(e) | 37 | 10 | 8 | 19 |
| 4(a) | 2 | | 1 | 1 |
| Section 2 | 159 | 158 | 1 | |

free public education. Certain of his judgments may be made only after consultation with the State and local education agencies.[2]

**Payment Provisions**

Sections 2, 3, and 4 concern payments to local education agencies. Sections 6 and 402 pertain to transfer of funds to other Federal agencies.

Payments go directly to the school district. Estimated fiscal and pupil data in the application, form RSF–1, serve as the basis for an initial part-payment. Final data for the year submitted on form RSF–3 are the basis for final payment subject to adjustment, if necessary, after a review is made of the applicant's pupil and fiscal records by the field program officer. The percentages of payments on forms RSF–1 and RSF–3 are dependent on the amount of funds available at the time the payment is made.

**Section 2. Reduction in Local Revenue by Reason of Acquisition of Real Property by the United States**

A school district may be eligible if (1) the property was acquired by transfer and not by exchange since 1938; (2) the assessed valuation of such property represents 10 percent or more of the assessed valuation of all realty in the district at the time or times of transfer; and (3) the acquisition has imposed on the school district a substantial and continuing financial burden.

Maximum entitlement is the product of the applicant's current expense tax rate applied to the estimated assessed valuation of the Federal property (exclusive of improvements since transfer date).

In fiscal year 1973, 159 school districts claimed assistance under section 2. The Commissioner determined 158 to be eligible. (See table B.) Net entitlements to local education agencies totaled $6,989,113.

**Section 3, Education of Children Who Reside on Federal Property or Reside With a Parent Employed on Federal Property**

Section 3(a) applies to children who reside on Federal property and have a parent on active duty in the uniformed services, or who reside on Federal property with a parent employed on Federal property situated in whole or in part in the same State as the school district or within reasonable commuting distance of the district.

Section 3(b) applies to children (other than those to whom subsection (a) of this section applies) who reside on Federal property or reside with a parent employed on Federal property [located as in 3(a)] or had a parent who was on active duty in the uniformed services (as defined in section 102 of the Career Compensation Act of 1949).

A school district may be eligible if the number of section 3 children in average daily attendance (ADA) is 3 percent of the total average daily attendance or 400, whichever is the lesser, and at least 10.[3]

Applicants which do not meet the percent requirement may be eligible for payment for 2 consecutive years following a year in which they met the requirement and were entitled to payment. The Commissioner may waive the 3-percent condition of eligibility when exceptional circumstances exist which would make the application of such conditions inequitable and defeat the purposes of the act. The Commissioner is not authorized to waive the number requirement of 10 or 400.

Section 3(c)(1) specifies the formula for computing gross entitlement. In 1973, as specified in Public Law 93–25, enacted April 26, 1973, the 3(a) entitlement was paid at 90 percent if pupils claimed under this subsection for the current year represented less than 25 percent of the current year's total ADA and at 100 percent if pupils claimed under this subsection represented 25 percent or more of the current year's total ADA.

Section 3(b) claims were derived by multiplying

[2] For purposes of titles I and IV, the term "State" means a State, Puerto Rico, Wake Island, Guam, the District of Columbia, American Samoa, or the Virgin Islands. The term "State education agency" means the officer or agency primarily responsible for the State supervision of public elementary and secondary schools. The term "local education agency" means a board of education or other legally constituted local school authority having administrative control and direction of free public education in a county, township, independent, or other school district located within a State. Such term includes any State agency which directly operates and maintains facilities for providing free public education.

[3] Average daily attendance is determined in accordance with State law and practice except that the Commissioner has the authority to specify the method to be used in determining the average daily attendance of federally connected pupils. By definition the term "average daily attendance" means the aggregate days of attendance in a given reporting period divided by the number of days school was actually in session.

the total 3(b) ADA by one-half the local contribution rate. In the absence of an appropriation in fiscal year 1973, payments under section 3(b) were limited by the Continuing Resolution to 54 percent. Public Law 93–50, enacted July 1, 1973, amended Public Law 93–25 by striking out 54 percent and inserting in lieu thereof 68 percent. Public Law 93–97, enacted August 16, 1973, permitted appropriations contained in Public Law 93–50 to remain available for obligation for a period of 20 days (from August 16). The provisions cited above and available funds permitted the payment of entitlements under section 3(a) at 90 or 100 percent, under section 3(b) at 67.5 percent (subject to later adjustment), and under all other sections at 100 percent except that no funds were available to make any payments for low-rent housing pupils.

For fiscal year 1973, applications for assistance under section 3(c)(1) numbered 4,565. The Commissioner determined that 4,413 applicants were eligible (see table B, p. 6). Net prorated entitlements totaled $514,233,899 for 374,588 section 3(a) pupils and for 1,862,377 section 3(b) pupils in ADA

Section 3(c)(4) applies to local education agencies where 50 percent or more of the children in ADA reside on tax-exempt Federal property.

A school district may be eligible if it meets the ADA requirement and if it is making reasonable tax effort and availing itself of State and other financial aid, but is still unable to provide a level of education equivalent to that in comparable communities of the State. The law requires also that eligibility of the district for State aid and the amount of such aid for the Federal children be determined on a basis no less favorable than for other children in the State.

Maximum entitlement is the product of the accepted ADA multiplied by the per-pupil cost in generally comparable districts, less the amount of State aid which the Commissioner determines to be available for these children. Of three applicants claiming assistance under section 3(c)(4) for 1973 the Commissioner determined one to be eligible (see table B). Total net entitlement amounted to $335,163 for 2,421 pupils in ADA.

Section 3(e) applies to those situations where the local education agency has made preparations to provide free public education to a number of section 3 pupils and that number has been substantially reduced because of the decrease in or cessation of Federal activity or by failure of such activity to occur.

Maximum entitlement is the amount which, in the judgment of the Commissioner, the school district would have been entitled to receive had there been no lessening of the Federal activity planned or in progress. Any reduction in current expenditures which the Commissioner determines has been made or reasonably should have been made because of change in Federal activity is considered in determining the entitlement. Of the 37 applicants who claimed assistance under section 3(e) in fiscal year 1973 (see table B), the Commissioner determined that 10 were eligible for a total net entitlement of $1,171,776.

**Section 4(a). Sudden and Substantial Increases in the Number of Pupils in ADA as a Direct Result of Activities of the United States Carried on Directly or Through a Contractor**

A school district may be eligible for first-year assistance if the increase in ADA of countable pupils over the prior year represents at least 5 percent of the non-Federal ADA of that year. Countable pupils may include the increase in section 3 ADA over the preceding year if the applicant so elects. Other conditions of eligibility are reasonable tax effort, diligence of the district in availing itself of State and other financial aid, inability to secure sufficient funds to meet additional costs involved, and a showing of substantial and continuing financial burden caused by Federal activities.

Maximum entitlement is the product of the accepted ADA and the per-pupil cost in generally comparable districts, less the amount which the Commissioner determines to be available from State, local, and Federal sources for such purposes, exclusive of payments under this act and local source funds needed for the education of other children.

Any district which received first-year assistance in 1972 was potentially eligible in 1973 for second-year assistance. Maximum entitlement is limited to 50 percent of the 4(a) entitlement for the prior year. There were two claimants for section 4(a) first-year assistance in fiscal year 1973. The Commissioner has found one to be eligible for a net entitlement totaling $131,642 for 230 pupils in ADA (see table C, p. 9).

Section 4(d) is analogous to section 3(e) in the matter of substantial reduction in Federal activity. There were no section 4(d) applicants in 1973.

**Section 6. Arrangements for the Education of Certain Children Residing on Federal Property**

The Commissioner must make arrangements to provide free public education for children who reside on Federal property when

1. No tax revenue of the State or any political subdivision thereof may be spent for such purposes;
   or
2. It is the judgment of the Commissioner, after consulting with the appropriate State education agency, that no local education agency is able to provide suitable free public education for such children.

The Commissioner may make these arrangements only with local education agencies or with

the head of a Federal department or agency administering Federal property.

To the maximum extent practicable, entitlement is limited to an amount per pupil not to exceed the per-pupil cost in comparable communities in the same State (or the District of Columbia in certain situations).

In fiscal year 1973, the Commissioner made section 6 arrangements in 28 instances at a total cost of $41,299,371 for 45,908 pupils in ADA.

#### Section 402(a). Transfer of Funds to Federal Agencies for Services Which They Provide

Federal agencies may provide custodial, transportation, or maintenance services for children residing on Federal property and attending a school district which, because of State law or other factors, is unable to reimburse the Federal agency. In such instances the Commissioner may authorize transfer of funds to the Federal agencies to cover the cost of services provided. The maximum amount transferred, limited by the amount approved by the Commissioner, is the actual cost of such services for the year. When section 402(a) is involved, the local education agency's entitlement under section 3 is paid in two parts. The first part is in the form of a cash payment to the local education agency itself. The second part is in the form of a payment made on behalf of the local education agency to the Federal agency providing the services. In fiscal year 1973 the Commissioner made two such transfers at Department level for a total amount of $50,414.

#### Local Contribution Rates

The local contribution rate is the rate of Federal payment per section 3(a) pupil in ADA. Section 3(d) specifies the formula for its computation. In principle, it approximates the current expenditures per pupil from local revenue sources in "generally comparable" school districts in the same State as the applicant. The Commissioner establishes criteria of comparability and offers to State and local education agencies two methods of determining comparable districts: (1) selection of individual districts and (2) State grouping of like districts. It is the policy of the Commissioner to request initial recommendations of comparable districts from State and local authorities.

The local contribution rate for use within the United States is the current expenditure per pupil made from all local source revenues in the second preceding year in generally comparable school districts. The law has established two minimums; however, the rate may not be less than the greater of (1) one-half the State average per-pupil expenditure in the second preceding year or (2) one-half the national average per-pupil expenditure in the 50 States and the District of Columbia in the second preceding year. Item (2) may not exceed the State average per-pupil expenditure for such year.

Section 3(d) contains special provision for an increase in the local contribution rate for an applicant district because of increases in expenditures due to unusual geographic factors which do not affect the comparable districts.

For any local education agency in Puerto Rico, Wake Island, Guam, American Samoa, the Virgin Islands, or in a State in which a substantial portion of the land is in unorganized territory for which the State agency is the local education agency, or in a State in which there is only one local education agency, the local contribution rate for any fiscal year is determined by the Commissioner in accordance with policies and principles approximating those used for determining the local contribution rate in other States.

## RECEIPTS AND DISBURSEMENTS

A general summation relating program activity to funds appropriated and expended follows:

#### Appropriations

Under the appropriation authority for fiscal year 1973, $635.495 million was available for payments for the maintenance and operation of schools including disaster payments under section 7, as authorized by Public Law 81–874.

Section 5(c) of Public Law 81–874 provides for proration of payment to all applicants under sections 2, 3 (except as noted under Payment Provisions), and 4 when appropriations are insufficient to pay the full amount of entitlements of all applicants for a fiscal year. Sections 6, 7, and 402(a) are exempt from proration, subject to the specific language of the act. It has been determined that the amount appropriated will fund all claims under sections 2, 3 (except as noted in table C, p. 9), and 4 of the act at 100 percent.

#### Net Entitlements

As of June 30, 1973, the Commissioner estimated total entitlements from 1973 applications to be $633.1 million. Transfers of funds under sections 6 and 402 account for $41.55 million of this amount. The remainder represents entitlements estimated for local education agencies which claimed assistance under sections 2, 3, 4, and 7 (see table C).

There was no reduction in entitlements incident to section 5(d)(1) of the act. This provision requires the Commissioner to reduce the entitlement of all school districts in a State in any fiscal year in the same proportion, if any, that the State reduces for that fiscal year its aggregate per-pupil expenditures in the form of State aid to local education agencies for current operating expenses below the level of such per-pupil expenditures in

the second year preceding. The Commissioner also determined that all States were in compliance with section 5(d)(2) of the act. This provision stipulates that payments may not be made to any local agency in which State aid to any such local agency with respect to free public education was reduced as a result of eligibility under the act.

## PROGRAM TRENDS

Since the inception of the federally affected areas program under Public Law 81–874 in 1951 (see table D, p. 10), net entitlements have shown steady growth from $29.6 million to $523.5 million (not including $41.5 million under section 6 and $68.0 million for disaster relief under section 7). The federally connected ADA of half a million in the first year has multiplied by fivefold, reaching 2.4 million in 1972, but declining to about 2.2 million in 1973. The average local contribution rate of $519.84 is almost 5 times the rate of $106.82 in 1951. This growth is attributable to increases in school population and school expenditures per pupil, broadened interest in the program by State and local officials, expanded Federal activity, amendments liberalizing the basic legislation, and the decrease in the value of the dollar.

Public Law 83–248 broadened the definition of Federal property and extended the 3(a) category to include children of parents in the uniformed services; Public Law 84–949 again expanded the definition of Federal property and extended the 3(b) category to include children of members of the Armed Forces (now "uniformed services"); Public Law 85–620 changed the definition of "child" to include Indian children; Public Law 85–313 standardized the 3-percent eligibility requirement for all school districts; Public Law 89–750 introduced the alternative minimum of 400 for section 3 ADA, broadened further the definition of Federal property, extended coverage to additional federally connected children, and revised the basis for deducting "other Federal payments" from gross entitlements; Public Law 90–247 repealed the deduction provision; and Public Law 91–230 extended the 3(b) category to include children residing with a parent who under certain circumstances was a refugee at any time during the 3 prior years if the average daily attendance in a local school district attributable to such children amounts to 20 percent or more of the average daily attendance of all children during the year.

Public Law 91–230 also broadened the definition of Federal property to include "any low-rent housing . . . which is part of a low-rent housing project assisted under the United States Housing Act of 1937, section 516 of the Housing Act of 1949, or part B of title III of the Economic Opportunity Act of 1964." In fiscal year 1973 applicant districts could include children residing in this housing together with other eligible federally connected children to meet the minimum eligibility requirements of the act. However, the shortage of funds prevented their being paid on account of the children residing in eligible low-rent housing.

Other amendments have had the effect of substantially increasing the average local contribu-

| 1959 | 3,757 | 149,688,172 | 3,083,668,609 | 4.81 | 9,498,980 | 1,389,796 | 170,669 | 1,210,127 | 9,000 | 14.63 |
| 1958 | 3,343 | 116,696,840 | 2,578,486,000 | 5.45 | 8,179,180 | 1,198,826 | 111,329 | 1,087,436 | 61 | 14.65 |
| 1957 | 3,321 | 106,051,520 | 2,156,450,000 | 4.90 | 7,796,959 | 1,158,757 | 108,425 | 1,050,262 | 70 | 14.86 |
| 1956 | 2,825 | 80,874,345 | 1,754,530,000 | 4.61 | 6,800,000 | 960,062 | 107,953 | 834,132 | 17,977 | 14.11 |
| 1955 | 2,683 | 71,606,560 | 1,450,700,000 | 4.93 | 6,000,000 | 892,106 | 93,046 | 781,855 | 17,205 | 14.86 |
| 1954 | 2,524 | 69,071,132 | 1,284,960,000 | 5.37 | 5,401,586 | 849,415 | 90,547 | 732,523 | 26,345 | 15.72 |
| 1953 | 2,212 | 54,600,902 | 1,040,424,071 | 5.24 | 4,456,280 | 762,432 | 82,692 | 661,015 | 18,625 | 17.10 |
| 1952 | 1,763 | 45,026,148 | 825,926,541 | 5.45 | 3,845,138 | 625,191 | 72,050 | 541,153 | 11,988 | 16.25 |
| 1951 | 1,172 | 29,611,018 | 520,370,000 | 5.69 | 2,943,940 | 439,008 | 50,701 | 385,754 | 2,553 | 14.91 |

[1] Prorated, inasmuch as appropriation was insufficient to pay all claims at 100 percent of entitlement.
[2] Includes 3(e) and 3(c) 4 ADA.

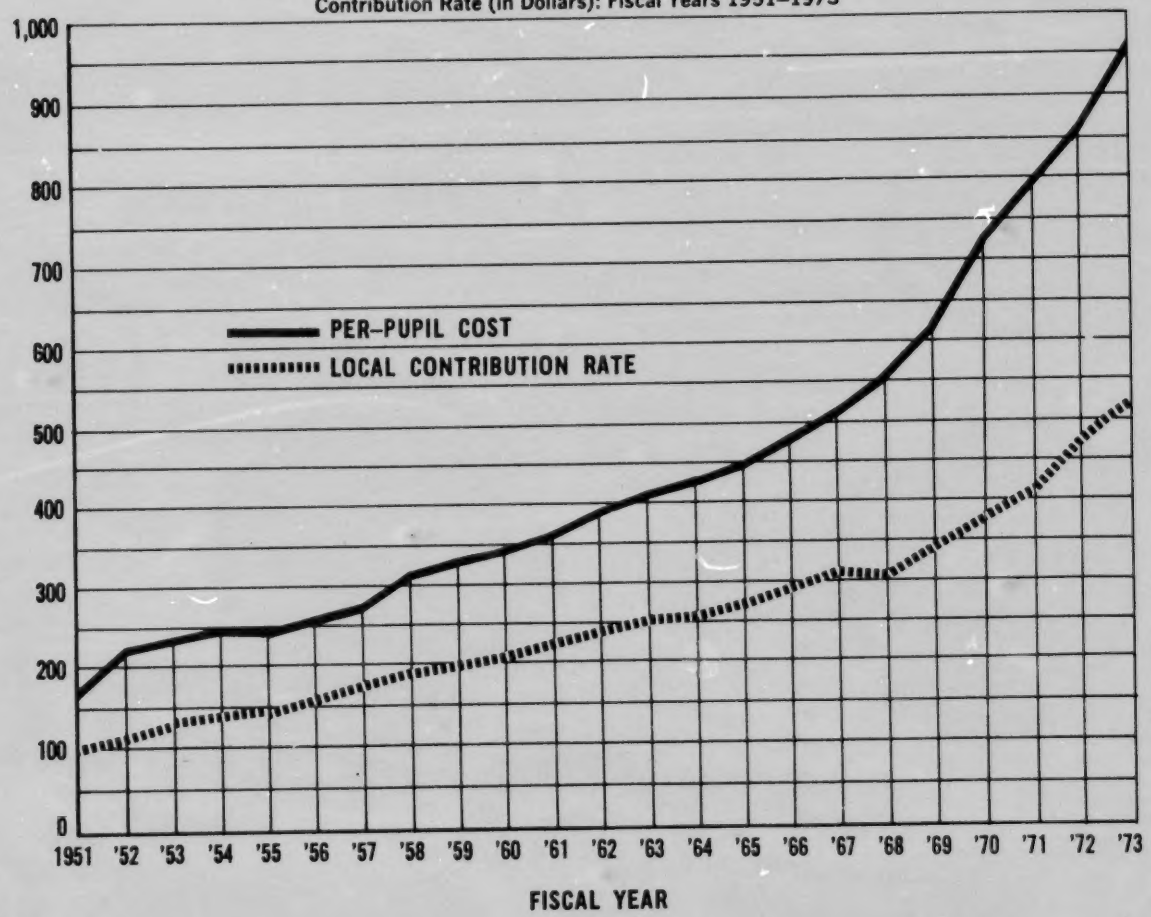
tion rate of payment per pupil under section 3. Chief among these amendments were Public Law 83–248, establishing as the minimum rate of payment one-half the State average per-pupil cost in the second preceding year and Public Law 85–620, which set as a second minimum rate one-half the national average per-pupil cost of the same year.

As shown in table D, the proportion of total operating expenses of eligible school districts represented by these Federal payments has ranged from 5.69 in fiscal year 1951 to 2.21 percent in 1973 for a 23-year average of 4.48 percent. The major portion of total entitlements has repeatedly been paid to section 3 applicants, standing at 78.9 percent at the start of the program and at 81.53 percent in 1973 (see table C). The proportion of federally connected ADA to total ADA in eligible districts dropped from 14.91 in 1951 to 9.05 percent in 1973 for an overall average of 13.58 percent, as shown in table D. The average local contribution rate was 54.39 percent of the average per-pupil cost in eligible districts in fiscal year 1973, compared with 60 percent in 1951. The relationship between the two figures over the years of the program is shown graphically in chart 2.

In fiscal year 1951, 2.9 million pupils were in attendance in eligible school districts. This total approximated one-eighth of the Nation's public school attendance in that year. The 24.7 million pupils in attendance in school districts eligible for payment in fiscal year 1973 (including junior college attendance for California only) represented about 60 percent of the Nation's public school attendance.

In fiscal year 1973 Federal payments helped to support educational services for over 4 times as large a percentage of public elementary and secondary school ADA as in 1951.

CHART 2.—Public Law 81–874, Title I: Average Per-Pupil Cost and Local Contribution Rate (in Dollars): Fiscal Years 1951–1973



# III. PUBLIC LAW 81–815

## Providing Financial Assistance For School Construction In Federally Affected Areas

### PURPOSE

Public Law 81–815 authorizes Federal financial assistance for constructing urgently needed minimum school facilities in school districts having substantial membership increases due to new or increased Federal activities. Assistance is also authorized for constructing school facilities: by local education agencies for inadequately housed pupils where Federal property constitutes a substantial portion of the school district; by local education agencies for pupils residing on Indian lands; and by the Federal Government on Federal property when no State or local education agency may legally do so. Major disaster assistance is available to public school districts for replacing or restoring public school facilities destroyed or seriously damaged as a result of a major disaster or for constructing additional public school facilities to house children who attended a private school seriously damaged or destroyed in a major disaster and which is not to be rebuilt or repaired.

The act prescribes specific criteria necessary to determine eligibility under the various sections and subsections and contains provisions to determine the amount of Federal assistance that may be approved. Congress has amended Public Law 81–815 several times since its original enactment. Certain provisions pertaining to children who reside on Federal property with a parent employed on Federal property were made permanent by Public Law 85–620. The provisions of section 14, formerly concerned primarily with children residing on Indian reservations, were made permanent by Public Law 89–750. Public Law 90–247 made the provisions of subsections 14(a) and (b) applicable exclusively to local education agencies serving children residing on Indian lands or to local education agencies where Indian lands constitute a substantial part of the district. Subsection 14(c), which assists financially distressed school districts where Federal lands comprise a substantial part of the area, was added by Public Law 91–230. Other categories of Federal impact covered by subsections 5(a)(2) and 5(a)(3) have been extended periodically since 1958. The provisions for all categories of children included in the act were in effect during fiscal year 1973.

Public Law 81–815 authorizes grants to local education agencies under sections 5 and 9 based on increases in federally connected membership during a 4-year increase period except that grants under section 9 are authorized only if the increase is expected to be temporary. Subsections 14(a) and 14(b) authorize grants to local education agencies on the basis of children residing on Indian lands and for whom the responsible local education agency is unable to provide minimum school facilities. Subsection 14(c) authorizes grants if a substantial portion of a school district is Federal land and a substantial percentage of its pupils lack minimum school facilities.

### GRANTS BASED ON INCREASES IN FEDERALLY CONNECTED MEMBERSHIP (Sections 5 and 9)

#### Estimating Increases in Membership

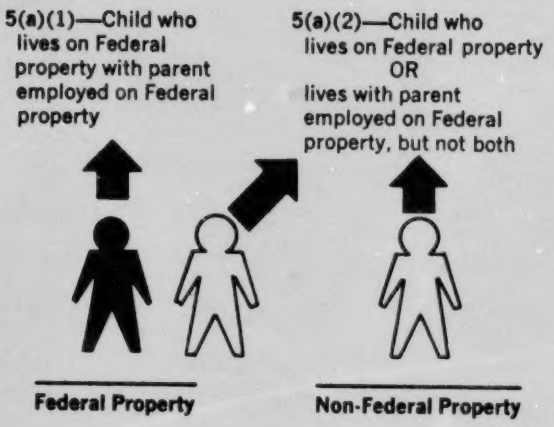
Each application under sections 5 and 9 is a request for assistance in constructing school facilities. Applications may be filed in the third or fourth year of any increase period; i.e., the period of four consecutive regular school years during which the increase occurs in membership on which the application is based. The Commissioner is required to estimate the increase in federally connected membership as of the end of that increase period. Total membership may be estimated for 2 years beyond the 4-year increase period in determining unhoused children. This feature encourages more effective advance planning for school construction.

The increase period and the base year, that is, the year preceding the 4-year increase period, advance 1 year each July 1. For example, the 1973 fiscal year covered by this report is the fourth year of the 4-year increase period of July 1, 1969, to June 30, 1973, and the third year of the 4-year increase period of July 1, 1970, to June 30, 1974.

#### Eligibility Requirements Under Section 5

Three categories of federally connected children form the basis for eligibility under section 5 of Public Law 81–815. The first two represent the relationship of children to Federal property. Children classified under subsection 5(a)(1) reside on Federal property with a parent who works on Federal property. Children classified under subsection 5(a)(2) either reside on Federal property, or reside with a parent who works on Federal property, but not both. (See drawing, p. 14.)

The Federal property involved must be located in the same State as the applicant school district or within reasonable commuting distance if located in another State.



5(a)(1)—Child who lives on Federal property with parent employed on Federal property
5(a)(2)—Child who lives on Federal property OR lives with parent employed on Federal property, but not both
Federal Property
Non-Federal Property

To be eligible under either subsection 5(a)(1) or 5(a)(2) a school district must have an increase in pupil membership in one or both categories of at least 20 children during a 4-year increase period and that increase must equal at least 6 percent of the district's total average daily membership[1] for the base year or 1,500 pupils, whichever figure is the lesser. The base year is the school year immediately preceding the first year of a 4-year increase period.

The third category of federally connected children defined in subsection 5(a) includes those whose attendance in an applicant school district is due to activities of the United States carried on directly or through a contractor. Eligibility for payment under subsection 5(a)(3) requires that the school district's estimated membership increase during the 4-year increase period must be at least 20 in number and at least 10 percent of the total base-year average daily membership or 2,500 pupils, whichever figure is the lesser. It must also be established that constructing minimum school facilities for that number of children would impose an undue burden on the taxing and borrowing power of the district.

#### Number of Children Counted for Payment

School districts are required under subsections 5(a)(1) and 5(a)(2) to absorb an increase of 6 percent or 1,500 in number, whichever is the lesser, in non-Federal membership during any 4-year increase period. Under subsection 5(a)(3) the requirement is 6 percent or 2,500 in number, whichever is the lesser. Should an applicant fail to meet these absorption requirements, the difference between 106 percent of the non-Federal average daily membership in the base year or the specified number, whichever is the lesser, and the estimated non-Federal membership at the end of the increase period is deducted from the number of qualifying federally connected pupils in determining the number counted for payment.

The number of pupils counted for payment is also limited to the number in excess of the estimated federally connected membership as of the end of an increase period covered by a prior eligible application or to the number of such pupils previously counted for payment.

#### Amount of Federal Payment

The maximum allowable grant under section 5 is the number of federally connected children counted for payment under subsection 5(a)(1), 5(a)(2) and 5(a)(3) times 95, 50, and 45 percent, respectively, of the average per-pupil cost of constructing school facilities in the applicant's State during the second year of the 4-year increase period involved. The grant is further limited to the actual cost of constructing minimum school facilities for children who would otherwise be without such facilities.

#### Additional Payments Under Section 8

Up to 10 percent of the appropriation for any fiscal year may be used for additional payments authorized under section 8 of Public Law 81–815. If an otherwise eligible application cannot be approved under this law because the local education agency cannot finance the non-Federal share of the cost of the proposed school facilities, the Commissioner may make a grant in addition to payments otherwise provided under the act in an amount not to exceed the cost of providing minimum school facilities for the number of unhoused children as of the end of the increase period less all financial resources practicably available to the applicant. The grant will not exceed the difference between (1) the actual cost of providing minimum facilities for the federally connected pupils eligible for payment under the act or the average cost in the State of providing such facilities, whichever is the lesser, and (2) the Federal funds made available to the applicant under section 5 of the act plus local and State funds which may be made available for this purpose.

An additional grant may also be authorized under section 8 to complete an approved project which could not otherwise be completed because of flood, fire, or similar emergency affecting either the work on the project or the applicant's ability to finance the non-Federal share of the cost of the project. A grant for such purpose may not exceed the amount required to pay the additional cost caused by the emergency less any financial resources available to the applicant, including any insurance proceeds.

[1] Average daily membership is determined under State law and practice. By definition, the term means the aggregate number of days of membership of individual children in the school district divided by the number of days school was in session. Only days on which pupils were under the guidance and direction of teachers in the teaching process may be considered days in session.

#### Assurances Required

Before Federal funds may be allotted for constructing school facilities, the Commissioner must be assured that the applicant has or will have title to the site or the right to construct the proposed school facilities on the site. The Commissioner must also be assured that the completed school facilities will be maintained by the applicant for at least 20 years. The applicant must also have legal authority to construct the project and to finance any non-Federal share of the cost as proposed. Assurances must also be given that the project will commence within a reasonable time and be completed with due diligence. The rates of pay for construction workers on the project may not be less than wage rates determined under the Davis-Bacon Act. The local education agency must also assure that its school facilities will be available to children for whose education contributions are provided in the act on the same terms in accordance with State law as they are to other children in the district. The local education agency must also agree to provide the Commissioner any further information relating to the project which he may reasonably require.

Other assurances are required respecting title VI of the Civil Rights Act of 1964, and consideration must be given to excellence of architecture and design and accessibility and usability of facilities by handicapped persons.

#### Providing Facilities Under Section 9 for Local Education Agencies Affected by Temporary Federal Impact

Increases in school membership may be temporary, and the applicant may request that funds be allotted to it under section 9 in an amount equal to what is needed to construct temporary facilities. Such funds may be used to construct permanent facilities, but assurance must be given that adequate school facilities will be provided for federally connected children whose membership is considered to be temporary. Alternatively, the applicant may request that needed temporary facilities be made available by the Commissioner of Education.

### GRANTS TO PROVIDE NEEDED MINIMUM FACILITIES FOR CHILDREN RESIDING ON INDIAN LANDS AND FOR INADEQUATELY HOUSED CHILDREN (Section 14)

Subsections 14(a) and 14(b) authorize grants to construct minimum school facilities in school districts which provide or, when facilities are available, will provide free public education for children who reside on Indian lands, or in school districts where Indian lands constitute a substantial part of the school district.

#### Eligibility Requirements

An applicant school district may be eligible for payment under subsection 14(a) or 14(b) if:

(1) The number of pupils residing on Indian lands for whom the applicant provides free public education represents a "substantial percentage" of the total number of children for whom the local education agency provides free public education. An applicant will be considered as meeting the "substantial percentage" requirement if the estimated number of children who reside on Indian lands as of the close of a 4-year increase period, and whose membership has not formed or will not form the basis for payment under other provisions of the act, is at least 15 and, under subsection 14(a)(1), is at least 33⅓ percent or under subsection 14(b)(1), at least 10 percent of the total number of children for whom the applicant is providing free public education;

**OR**

(2) the Indian lands in the school district comprise a "substantial part" of the school district. An applicant will be considered as meeting this requirement if the Indian lands in the school district represent, in relation to subsection 14(a)(1) of the act, at least 33⅓ percent, and in relation to subsection 14(b)(1) of the act, at least 10 percent, of the total land area in the school district;

**OR**

(3) the applicant is providing free public education for at least 100 children who reside on Indian lands located outside the applicant school district;

**AND**

(4) the immunity of such Indian lands from taxation by the applicant has created a substantial and continuing impairment of its ability to finance needed school facilities. (This provision may be waived if the applicant is providing free public education for 100 or more children who reside on Indian lands located outside its school district.)

Under subsection 14(a), additional conditions for payment are:

(1) The applicant is making a reasonable tax effort and is exercising diligence in availing itself of State and other financial assistance available for this purpose;

**AND**

(2) The applicant does not have sufficient funds available from all sources to provide minimum school facilities required for the free public education of a substantial percentage of children in membership in its schools. This requirement will be deemed to be met when with full utilization of practicably available financial resources including unused legal bonding authority of the applicant (but not to exceed 12 percent of the assessed valuation of the school district), the applicant does not have sufficient funds to provide minimum school facilities, required for the education of 95

percent or more of the total number of children estimated to be in membership in the applicant's schools as of the end of the second year following the end of the membership period for which the application is filed.

The preceding burden and effort requirement is not included in subsection 14(b).

#### Amount of Federal Payment

Federal funds granted under subsection 14(a) are limited to the amount required in excess of local, State, and other Federal funds available for constructing minimum school facilities for the children who it is estimated will be in membership in the applicant's schools at the end of the second year following the end of any 4-year membership period.

Under subsection 14(b), the amount is limited to that needed in excess of local, State, and other Federal funds available, to provide minimum school facilities for only those children who reside on Indian lands.

### GRANTS TO PROVIDE NEEDED MINIMUM FACILITIES FOR CHILDREN IN SCHOOL DISTRICTS FINANCIALLY DISTRESSED DUE TO LARGE AREAS OF FEDERAL LANDS IN THE DISTRICT [Subsection 14(c)]

Subsection 14(c) was added to Public Law 81-815 by an amendment contained in Public Law 91-230, approved April 13, 1970. Subsection 14(c) authorizes grants for the construction of minimum school facilities to districts providing free public education for a substantial percentage of children who are inadequately housed by minimum school facilities, where Federal property constitutes a substantial part of the school district, and when such children have not formed or will not form the basis for payments under other provisions of the act. Furthermore, the immunity of Federal property from taxation must have created a substantial and continuing impairment of the district's ability to finance needed school facilities.

#### Eligibility Requirements

An applicant school district may be eligible under subsection 14(c) if:

(1) The number of children for whom the local education agency is providing or will provide free public education and who are inadequately housed by minimum school facilities represents a "substantial percentage" of the total number of children for whom the local education agency provides free public education. A further proviso is that the membership of these children has not formed and will not form the basis for payment under other provisions of the act. An applicant will be considered to meet the "substantial percentage" requirement when the number of children inadequately housed is at least 20 and when the number constitutes at least 33 1/3 percent of the total number of children for whom the applicant is providing free public education;

**AND**

(2) Federal property in the school district is at least 33 1/3 percent of the total area in the school district;

**AND**

(3) The immunity of such Federal property to taxation by the applicant has created a substantial and continuing impairment of the school district's ability to finance needed school facilities.

(4) The applicant is making a reasonable tax effort and is exercising due diligence in availing itself of State and other financial assistance available for this purpose.

(5) The applicant does not have sufficient funds from all other sources to provide the minimum school facilities required for free public education of a substantial percentage of the children in membership in its schools. This requirement will be deemed to be met when with full utilization of practicably available financial resources including unused legal bonding authority of the applicant (but not necessarily exceeding 12 percent of the assessed valuation of the school district), the applicant does not have sufficient funds to provide the minimum school facilities required for the education of 95 percent or more of the total number of children estimated to be in membership as of the end of the second year following the end of the membership period for which the application is filed.

#### Amount of Federal Payment

Federal funds granted under subsection 14(c) are limited to the amount required, in excess of local, State, and other Federal funds available for constructing minimum school facilities for inadequately housed children who it is estimated will be in membership in the applicant's schools at the end of the second year following the end of any 4-year increase period.

### FEDERAL CONSTRUCTION OF SCHOOL FACILITIES ON FEDERAL PROPERTY (Section 10)

Some State laws preclude the provision of free public education by State or local agencies for children living on some Federal properties or the expenditure of local and State funds for the construction of school facilities on Federal properties. In these instances, the Commissioner is directed by section 10 of the act to make arrangements for constructing or otherwise providing school facilities for the children. To the extent practicable, these facilities are to be comparable

to those provided by local education agencies in similar communities in the State.

Public Law 89–77 authorized the Commissioner, in determining the capacity of school facilities to be constructed on Federal installations in Guam, Puerto Rico, and Wake Island to count children residing off Federal property but whose parent is employed by the United States. He may count such children when he determines after consultation with the appropriate State education agency that the provision of such facilities is appropriate to carry out the purposes of Public Law 81–815, that no local education agency is able to provide suitable free public education for such children, and that English is not the primary language of instruction in schools in the locality.

The Commissioner is authorized to transfer to the appropriate local education agency without charge all the right, title, and interest of the United States in and to any facilities provided under section 10 or (as formerly enacted) sections 204 or 310, when he determines it is in the interest of the Federal Government to do so.

## ADMINISTRATION

### Participation by State Education Agencies

State education agencies participate in administering the school construction program. An application from a local education agency may not be approved until the State education agency assures the Commissioner that the project is consistent with overall State plans for the construction of school facilities.

The participation of each State is essential in establishing construction costs used in computing grants for eligible school districts. On the basis of information obtained annually from each State, an average per-pupil cost of construction is computed and submitted to the State agency for concurrence. The approved 1971 and 1972 average per-pupil costs of construction thus obtained for each State were used in determining grants under applications filed for the increase periods ending June 30, 1973, and June 30, 1974.

### Assistance of Other Federal Agencies

Construction functions formerly delegated to the U.S. Department of Housing and Urban Development were assumed by the Facilities Engineering and Construction Agency (FECA) of the U.S. Department of Health, Education, and Welfare. These functions include obtaining assurances required by the act, examining final plans and specifications, and inspecting and reviewing construction progress. FECA also performs additional functions in constructing temporary school facilities under section 9 and in constructing schools on Federal property under section 10. These include the preparation of cost estimates, arranging for the preparation of plans and specifications, and supervision of the construction of each approved project.

### Priority and Relative Urgency of Need

When funds available for any fiscal year will not be sufficient to pay in full the maximum allowance to all eligible school districts which have filed applications before the most recent cutoff date for their receipt, the act requires that the Commissioner shall establish a priority listing for the approval of those applications, based upon the relative urgency of need. Projects are arranged in order from the highest to the lowest index number. Funds are reserved, starting with the highest priority project and continuing down the list as far as available funds will permit. Applications filed after the cutoff date are considered for approval when additional funds are made available and a new cutoff date has been established.

The priority index of each eligible school district application is the sum of (1) the percentage that the number of federally connected children counted for payment is of the total membership at the close of the 4-year increase period and (2) the percentage that the number of children determined to be "unhoused" in the applicant's schools as of the end of the increase period is of the total membership. However, the priority index may not exceed twice the percentage of the total membership represented by the number of federally connected children counted for payment.

Pursuant to the current provisions of the act, eligible applications under sections 9, 10, and 16 and subsections 14(a) and 14(b) are funded before applications under all other sections when the appropriation is insufficient to fund all eligible applications. For example, Public Law 91–230, approved April 13, 1970, amended the act to establish the present priority position of subsection 14(a) and (b) with respect to funding. As a consequence of this amendment and the limited funds available, priority indexes are now developed for section 10 applications on a basis similar to that described in the preceding paragraph.

The act further provides that applications or portions of applications under section 5, based on the membership of children residing on, or residing with a parent employed on, low-rent housing property, may not be funded until all other applications under that section of the act have been approved.

### "Minimum School Facilities"

The concept of "minimum school facilities" was incorporated into Public Law 81–815 in 1953 by the enactment of Public Law 83–246. The amending law did not define the term. However, the congressional committee reports on the bill give considerable legislative history regarding the intent of Congress in this matter. In general, minimum

school facilities were to be neither inferior nor substandard in the quality of the materials used in their construction and in the amount of space provided for instructional purposes. It was not expected that Federal funds would be used to construct single-purpose auditoriums, single-purpose gymnasiums, or other single-use rooms that would be used only a small part of each day or to provide facilities more elaborate than those which school districts in the same State in recent years have been constructing with their own funds. Minimum school facilities were defined by Federal regulations as "those instructional and auxiliary rooms and initial equipment, exclusive of single-purpose auditoriums, single-purpose gymnasiums, and any built-in spectator space, necessary to operate a program of free public education for the school members of the applicant at normal capacity in accordance with the laws and customs of the State." Federal funds have been approved to construct school facilities of the size and type which school districts have been providing in recent years with their own funds, but which generally excluded single-purpose gymnasiums and auditoriums.

As a result of changing educational needs, purposes, and technology and innovations occurring in elementary and secondary education, it is becoming common practice, particularly in larger school centers, to provide separate gymnasiums and separate auditoriums. During fiscal year 1967, the definition of minimum school facilities in the Federal regulations was amended to permit the construction of such separate facilities with Public Law 81–815 funds where the size of pupil enrollment and curriculum requirements justify separate facilities. Further liberalization has resulted from the amendments enacted by Public Law 89–750, requiring applicants to consider excellence of architecture and design of any building constructed with the the use of Federal funds by authorizing an amount not to exceed 1 percent of the project grant for incorporation of works of art in building plans and by requiring that all facilities constructed with the use of Federal funds be made accessible to and usable by handicapped persons.

When Public Law 90–247 was under consideration, the congressional committees included in the reports on the bill a statement giving the legislative history of the "minimum school facilities" concept and recommending the establishment of a more up-to-date idea of minimum school facilities than was included when the law was enacted in 1950 and amended in 1953. The report expressed the view that, while the concept had served a useful purpose in the law and should be retained to prevent unnecessary or unwise expenditure of Federal funds, it needed to be modernized to fit the current trends in educational programs, techniques, and purposes; and, with new devices for instruction becoming more widely used, minimum school facilities should include—in addition to regular classrooms—special rooms for speech therapy, remedial reading, music appreciation, language laboratories, electronic data processing, and other facilities and equipment that are needed and useful for conducting special programs or activities for educationally deprived children. The report suggested further that the criterion to be used in approving features in buildings or other specialized facilities should be the need of them in the school program operated by the applicant school district and that it is within the concept of minimum facilities to use Federal funds in appropriate situations, particularly under subsections 14(a) and (b), for construction of consolidated school facilities when small districts are merged or to replace small isolated, inadequate buildings with modern facilities even though the district may have enough classroom space to house all of the children. Also, considerable leeway may be exercised in determining what constitutes minimum school facilities in specific situations in consultation with the State education agency.

#### "Unhoused Children"

Children who are "unhoused" or "without minimum school facilities" are defined by regulation as those in membership in the schools of a district over and above normal capacity of available and usable minimum school facilities. As indicated earlier, the law requires that the amount of Federal funds approved for payment be limited to the cost of constructing minimum school facilities for a number not to exceed the number of "unhoused" children. The act, as amended by Public Law 89–750, now authorizes the number of unhoused children for whom minimum school facilities are needed, to be determined by estimating total membership as of the end of the second year following the 4-year period for which the application is filed.

A school district may have sufficient classroom space to accommodate the children in membership in its schools, but not have the minimum school facilities needed to conduct an adequate school program. In such cases, Federal funds under the act may be approved as indicated above for the construction of the needed minimum facilities, such as a library, administrative space, kitchen and cafeteria, or other noncapacity facilities.

## APPROPRIATIONS

A total of $1,440,592,000 has been appropriated by the Congress for constructing school facilities under Public Law 81–815 since its enactment in

September 1950. This does not include a balance of $96,000 transferred to the Office of Education from the Atomic Energy Commission pursuant to section 209(d) of the act.

## SUMMARY OF ASSISTANCE PROVIDED UNDER PUBLIC LAW 81-815

### General

Beginning in fiscal year 1967, appropriations requested and provided for Public Law 81-815 were insufficient to meet the needs of all eligible applications filed for school construction assistance to overcome the school membership impact resulting from increased or new Federal activities and major disaster assistance. Several factors may be cited as having caused the current backlog of eligible or potentially eligible unfunded applications. These factors include: (1) Appropriations requested were predicated upon the termination of temporary provisions of the act, subsections 5(a)(2) and 5(a)(3). However, three authorizations extended these provisions to June 30, 1973; (2) The provisions of the act were liberalized to permit more effective construction assistance to all local education agencies and specifically to those serving children residing on Indian lands; (3) Major disaster assistance needs continually increased and (4) Legislative and administrative measures were introduced to reduce obligations and expenditures.

Consequently, no eligible application by a local education agency filed under section 5 in fiscal year 1968 to the present was funded until fiscal year 1973. In accordance with the provisions of the act, funds appropriated in fiscal years 1968 through 1970 were obligated or committed to the extent possible for eligible applications required by the act to be given first consideration—assistance under section 9, where Federal impact is of a temporary duration; under section 10, direct Federal construction on Federal property; and under section 16, major disaster assistance. All eligible claims under the latter section are funded before consideration is given to applications under sections 9 and 10.

Beginning in fiscal year 1971, after the potential requirements of section 16 were considered, eligible applications under the priority sections 9 and 10 and subsections 14(a) and (b), shared appropriated funds in proportion to the total requirements of each section. Applications were ranked in priority index order regardless of the fiscal year in which submitted, and funded in accordance with that order.

In fiscal year 1973, funds were made available for applications under sections 5 and 14, after the requirements of section 16 were met, in accordance with the administration's request and appropriation language. Funding was limited to high priority applications under sections 5 and 14 which reflected the impact in school membership caused by military installations and children residing on Indian lands.

The backlog of potentially eligible unfunded applications is in excess of $245 million. Final processing of applications on file and receipt of construction bids for those applications under priority sections which presumably can be funded will alter this estimate. About a third of the total estimated entitlement is attributable to applications under the priority sections 9 and 10, subsections 14(a) and 14(b), and section 16 of the act.

### Fiscal Year 1973

#### *Construction of School Facilities by Local Education Agencies*

A total of 34 local education agencies filed applications during fiscal year 1973 for assistance under sections 5, 8, 9, and 14 of the act. Of the applications filed during fiscal year 1973, six were for assistance under section 14. Two applications were filed by local education agencies which had not heretofore applied for Federal assistance.

During the fiscal year, 108 applications were processed. The eligible districts had a combined increase of 21,099 federally connected children. Represented in this increase were 11,648 children residing on Federal property with parents employed on Federal property; 6,724 children whose parents either lived on or worked on Federal property, but not both; and 2,727 children residing on Indian lands.

The sum of $930,000 was obligated in fiscal year 1973 for 1 section-14 project, and $9,355,242 was obligated for 10 section-5 projects. It is estimated that approved facilities will provide 10 classrooms and related facilities for 120 pupils in school districts that provide free public education for children who reside on Indian lands, and 193 classrooms and related facilities for 5,145 pupils whose parents either reside on and/or are employed on military installations.

#### *Construction of School Facilities by the Federal Government on Federal Property*

One application for the construction of school facilities on Federal property was submitted by a Federal agency under section 10 of the act in fiscal year 1973. A total of $18,000 in Federal funds was initially committed during the fiscal year for one project. That project provided only repairs to existing school facilities. No new projects were started in fiscal year 1973.

A 1965 amendment to section 10 of the act authorized, under certain circumstances, the construction on Federal property of school facilities to accommodate children whose parents are em-

ployed by the United States, but who live off the Federal property. That amendment is applicable only to the construction of school facilities on Federal property located on Guam, in Puerto Rico, and on Wake Island.

*Transfer to Local Education Agencies of School Facilities Constructed on Federal Property Under Section 10 (Former Sections 204 and 310)*

There were no new requests in fiscal year 1973 from local education agencies for the transfer of title to federally owned school facilities which had been constructed under section 10 of the act, or under former section 204 or 310. A total of 39 requests for transfer of title has been received since the legislation authorizing that action was enacted in 1966. The number of school facility projects transferred to date is 25. Other pending transfers are dependent upon the division's being able to repair, rehabilitate, or provide additional minimum school facilities. These projects have been deferred because of lack of funds during recent years.

**Special Assistance to SAFEGUARD ABM Federally Impacted Areas**

The Office of Education and the U.S. Department of the Army in fiscal year 1971 entered into an agreement pursuant to Public Law 91–511 to provide school construction assistance in areas federally impacted due to the construction of the SAFEGUARD antiballistic missile system. In accordance with this agreement and Public Law 91–511, the Office of Education received applications under Public Law 81–815 from these federally impacted local education agencies, processed the applications, obligated funds to the extent available under Public Law 81–815, and forwarded eligible applications to the U.S. Department of the Army for consideration under the provisions of Public Law 91–511, section 610. In fiscal year 1973 applications from four local education agencies were determined eligible for school construction assistance under Public Law 81–815 and Public Law 91–511.

**Fiscal Years 1951 Through 1973**

During the 23-year period of operation covered by this report (see table E) 12,278 project applications have been filed by local education agencies in 50 States and 4 outlying areas and by Federal officials on behalf of various Federal installations. Federal funds totaling $1,397,313,805 have been reserved for 6,445 projects, representing 5,961 projects filed by local education agencies and 484 by Federal agencies. Of this amount $1,191,704,097 has been granted to local school districts, and $205,619,708 has been authorized by the Commissioner to build school facilities on Federal property.

A total of 1,939,878 federally connected pupils in all categories has been counted as eligible for payment on the applications filed by local education agencies and processed to date. Of these, 333,790 (17.2 percent) were children residing on Federal property with parents employed on Federal property; 1,342,333 (69.2 percent) were children either residing on, or residing with a parent employed on, Federal property but not both; and 263,755 (13.6 percent) were children whose parents were brought into the applicant district as a result of activities of the United States carried on directly or through a contractor.

The school facilities constructed or approved for construction by local education agencies under sections 5, 8, 9, and 14 of the act are estimated to provide over 72,000 classrooms and related facilities to house approximately 2,100,000 pupils. As of June 30, 1973, 5,916 of the projects were completed, 29 were still under construction, and 16 were still in various stages of preconstruction planning or awaiting final approval. The facilities to be constructed include over 2,000 new school facilities, 3,000 additions to existing facilities, and related nonclassroom facilities. It is estimated that the local education agencies have added $995 million in local and State funds for the acquisition of sites and the construction of the projects provided under Public Law 81–815.

Of the 484 projects for which funds have been authorized for Federal construction of school facilities on Federal property under section 10 of the act, 455 had been completed and 29 were either under construction or being planned for construction as of June 30, 1973. When all the projects for which funds have been authorized are completed, they will provide an estimated 4,524 classrooms and related facilities to house approximately 133,600 pupils.

**TABLE E.—Public Law 81–815: Total number of projects filed, number for which funds were reserved, fund reservations, classrooms provided, and pupils housed, by sections of the act: fiscal years 1951–73**

| Section and fiscal year | Projects filed | Projects reserved | | Classrooms provided | Pupils housed |
|---|---|---|---|---|---|
| | | Number | Amount | | |
| | (1) | (2) | (3) | (4) | (5) |
| Section 5, 8, and 9 [1] Total | 10,929 | 5,651 | $1,122,238,294 | 71,057 | 2,082,983 |
| 1973 | 28 | 9 | 9,355,242 | 193 | 5,145 |
| 1972 | 67 | ..... | ..... | 116 | 3,480 |
| 1971 | 110 | 3 | 568,915 | 277 | 6,335 |
| 1970 | 111 | 69 | 1,004,911 | 7,801 | 241,770 |
| 1969 | 229 | 123 | 69,803,905 | 2,416 | 98,390 |
| 1968 | 243 | 36 | 10,647,381 | 903 | 27,208 |
| 1967 | 512 | 105 | 20,693,676 | 1,100 | 33,355 |
| 1966 | 217 | 156 | 31,005,126 | 1,630 | 47,405 |
| 1965 | 324 | 226 | 63,346,558 | 2,724 | 80,924 |
| 1964 | 298 | 51 | 9,991,539 | 530 | 15,428 |
| 1963 | 234 | 162 | 30,205,284 | 1,717 | 50,036 |
| 1962 | 533 | 250 | 60,591,749 | 2,700 | 78,840 |
| 1961 | 499 | 288 | 35,941,577 | 3,595 | 99,825 |
| 1960 | 587 | 167 | 47,873,561 | 1,421 | 50,660 |
| 1959 | 771 | 350 | 71,823,880 | 5,308 | 143,100 |
| 1958 | 628 | 299 | 56,076,378 | 7,183 | 214,228 |

[1] Includes 28 projects for which funds were reserved under sections 5 and 14 to provide 226 classrooms to house 6,042 children.

[2] Includes projects under Public Law 357 (83d Cong.) based on unpaid entitlements for the attendance of federally connected children prior to July 1, 1952.

[3] Construction by Federal agencies.

# IV. FEDERAL DISASTER AID FOR SCHOOLS

## AUTHORIZING LEGISLATION

Public Law 89–313, approved by the President on November 1, 1965, amended Public Laws 81–815 and 81–874 to authorize the Commissioner of Education to provide financial assistance under certain conditions for the repair, restoration, or replacement of damaged facilities and for the operation of public elementary and secondary schools in areas affected by a major disaster. This act amended Public Law 81–815 by adding section 16 and Public Law 81–874 by adding section 7. Thus, certain definitions, limitations, and requirements in Public Laws 81–815 and 81–874 apply to the major disaster assistance program.

Public Law 89–313 authorizes the Commissioner of Education to replace or restore a school building destroyed or damaged in a disaster and, when necessary, to provide increased current operating expenses for a period not to exceed 5 years, with the entitlement for the second, third, and fourth years following the year of the disaster to be on a reduced basis. The Commissioner is further authorized to provide public school facilities and operating funds for children who attended nonpublic schools that were damaged or destroyed by a disaster and will not be repaired or restored.

When the President declares a "major disaster" for any area as defined in section 102 of Public Law 91–606, the Office of Emergency Preparedness defines the geographic limits of the disaster area and notifies the Commissioner. School districts located within that area are then authorized to apply for major disaster assistance.

Public Law 90–247, approved January 2, 1968, extended school disaster aid provisions to disasters occurring on or before June 30, 1970, and amended both Public Laws 81–815 and 81–874 to authorize major disaster assistance to publicly operated schools providing technical, vocational, or other special education to children of elementary or secondary school age. That act also eliminated the requirement for a determination of reasonable tax effort and the exercise of due diligence by the local education agency or other public agency in availing itself of State and other financial assistance and substituted a requirement that such agency utilize all State and other financial assistance available for the same purpose. It also added a minimum need provision ($1,000 or one-half of 1 percent of the agency's current operating expenditures during the year preceding the disaster, whichever is the lesser) as a condition of eligibility for assistance.

Subsection 7(a), title I, Public Law 81–874, was amended to authorize assistance that would provide a level of education equivalent to that maintained in the schools of the agency prior to the occurrence of the disaster instead of the level maintained during the last full fiscal year prior to the occurrence of the disaster, and an amendment was added to subsection 7(b) to clarify the authority to use grant funds to make minor repairs to facilities where necessary as the result of a major disaster.

Section 16 of Public Law 81–815 was amended to permit financial assistance to a local education agency or other public agency for the construction of public school facilities to serve children who would attend public schools because the private schools they were attending had been destroyed or seriously damaged by a major disaster and would not be replaced.

Public Law 90–247 further amended both Public Laws 81–815 and 81–874 to authorize Federal assistance in the case of "pinpoint" disasters; that is, disasters which are localized and not of sufficient severity to be classed as major disasters. Assistance is authorized where the Commissioner determines that public elementary and secondary school facilities of a local education agency have been destroyed or seriously damaged as a result of a flood, hurricane, earthquake, storm, fire, or other catastrophe, except one caused by negligence or malicious action; and the Governor of the State certifies the need for disaster assistance and gives assurances of the expenditure of a reasonable amount of State or local funds for the same purpose. The assistance authorized under section 16 of Public Law 81–815 in the case of a "pinpoint" disaster must be made in the form of a repayable advance. The "pinpoint" disaster assistance provisions have not been implemented because of the critical funding shortage under both Public Law 81–815 and Public Law 81–874.

Public Law 91–230, approved April 13, 1970, extended the disaster provisions of Public Laws 81–874 and 81–815 to June 30, 1973.

### Determination by the Commissioner Required by Public Laws 81–815 and 81–874

Before a local education agency or other public agency which operates schools providing technical, vocational, or other special education to children of elementary or secondary school age may become eligible for major disaster assistance, the Commissioner of Education must determine that:

1. Public elementary or secondary school facilities of such agency have been destroyed or seriously damaged as a result of a catastrophe, or that private elementary or secondary school facilities have been destroyed or seriously damaged and will not be replaced or restored.

2. The Governor of the State has certified the need for Federal disaster assistance and has given assurance of a reasonable expenditure of State or local funds for such purpose.
3. Such agency is utilizing or will utilize all State and other financial assistance available for the same purpose.
4. The agency does not have sufficient funds available to it from State, local, or other Federal sources, or from insurance benefits, to repair, replace, or restore the facilities destroyed or seriously damaged, or to provide free public education for the children attending the schools of the agency. The amount of additional assistance needed must equal at least $1,000 or one-half of 1 percent of the school district's current operating expenditures during the fiscal year preceding the fiscal year of the disaster, whichever is the lesser.
5. The agency has made provision to accept in its schools those children who were enrolled in private elementary or secondary schools where operation was disrupted or impaired by the disaster, if such children are to be considered in the basis for payment.

## ASSISTANCE THAT MAY BE PROVIDED

The Commissioner may authorize, upon such terms and in such amounts as he determines to be in the public interest, the additional assistance necessary for a school district to provide free public education and needed facilities.

### Section 7, Title I, Public Law 81–874

Financial assistance may be given to a local education agency or to a public agency which operates schools providing technical, vocational, or other special education to children of elementary and secondary age to help finance the current operation of its elementary and secondary school programs; to make minor repairs to damaged facilities; to replace or repair instructional and maintenance supplies, equipment, and materials (including books) that were seriously damaged or destroyed; to lease or otherwise obtain temporary school facilities while those destroyed or seriously damaged are being replaced or restored; and to assist in meeting the added operating costs of a local education agency that accepts children who attended a private school where operation was disrupted or impaired by a disaster.

The assistance necessary to meet current operating expenses for free public education for any fiscal year is limited to what the Commissioner determines is necessary to enable such agency with State, local, and other Federal funds available to it for such purpose to provide a level of education equivalent to that maintained in the schools of the agency prior to the occurrence of the disaster. Consideration may be given to the additional costs of providing a public educational program for children enrolled in nonpublic elementary and secondary schools whose operation has been disrupted by the disaster.

Additional assistance may be provided for a period not exceeding 5 fiscal years beginning with the fiscal year in which the President determines that the area has suffered a major disaster. Entitlements for the second, third, and fourth fiscal years following the President's determination may not exceed 75 percent, 50 percent, and 25 percent, respectively, of the amount of entitlement for the educational program for the year of the disaster or for the first year following the disaster, whichever is larger.

### Section 16, Public Law 81–815

Financial assistance may be provided under section 16 for replacing or restoring school facilities destroyed or seriously damaged as a result of a major disaster and for construction of additional public school facilities to house children from private schools which are seriously damaged or destroyed and which are not to be replaced.

Assistance provided under the act may not exceed the construction costs incident to the restoration or replacement of the school facilities destroyed or damaged. When the Commissioner determines that the district has funds available from other sources to restore or replace the damaged facility and these funds are not immediately available, he may advance Federal money to the district for immediate use, such advance to be repaid upon such terms and conditions as he may determine.

## ADMINISTRATION

Responsibility for administering the program of Disaster Assistance for Schools has been delegated to the Division of School Assistance in Federally Affected Areas, U.S. Office of Education. Regulations were first published in the *Federal Register*, March 15, 1966. Amendments to the regulations were published September 6, 1968, and January 29, 1971.

### Other Agencies

State education agencies participate in the administration of the program of Disaster Assistance for Schools. Applications are submitted to the Commissioner through the State education agency. The State representative reviews the application and certifies its accuracy and completeness. For applications under section 16 of Public Law 81–815, the State agency certifies that the proposed construction project is consistent with overall State plans for the construction of school facilities.

#### Available Funds

Under subsection 7(b) of title I of Public Law 81–874, Federal funds are available for debris removal and cleanup; minor repairs to buildings and sites; repair or replacement of equipment, materials, and supplies; and for leasing of temporary facilities. Funds from other Federal, State, and local sources, including insurance proceeds available for major disaster repair, must be considered as available. The applicant is entitled only to the additional amount needed to make the necessary repairs or replacements.

Under subsection 7(a) all Federal, State, and local funds practicably available to a public education agency for providing the free public education program are considered available.

In determining the funds an applicant has available under section 16 of Public Law 81–815 for repairing, replacing, or restoring school facilities (exclusive of equipment) seriously damaged or totally destroyed by a disaster, the Commissioner considers as available all insurance proceeds and all Federal, State, or local funds made available to the applicant specifically for repair or replacement of disaster damage, as well as all unobligated or unencumbered funds set aside as an insurance reserve and funds from the sale of bonds voted specifically for the replacement of the school facilities seriously damaged or destroyed as a result of the major disaster.

#### Priorities for Approval of Applications

Whenever the Commissioner determines that appropriated funds available for any fiscal year will be inadequate to provide the financial assistance requested under all approvable applications, he will, as provided by subsections 16(c) of Public Law 81–815 and 7(d) of Public Law 81–874, establish an order of priority for approval of applications after considering the relative educational and financial needs of all public education agencies which have submitted approvable applications.

#### Section 7, Title I, Public Law 81–874

The priority index established for an approvable application is the ratio (expressed in percentage) of Federal funds for which the Commissioner estimates the application is eligible to the total estimated current operating costs of the applicant, including the increased costs due to the major disaster.

#### Section 16, Public Law 81–815

An order of priority is determined by the Commissioner for all applications for replacement or restoration of school facilities where the relocation of students in another school building or classroom is required because of destruction of or serious damage to such facilities. The priority index of each application is determined on the basis of the ratio (expressed in percentage) of the number of children in the school district who are so relocated to the total membership of all schools in the district.

#### Assurances Required Under Section 16, Public Law 81–815

Subsection 16(c) provides that, before payment can be made, an application must meet the requirements of subsection 6(b)(1) of the act. In addition, applicants are required to give the same assurances as applicants under other provisions of Public Law 81–815 concerning compliance with title VI of the Civil Rights Act of 1964, consideration of excellence of architecture and design, and accessibility and use of the facilities by handicapped persons.

## APPROPRIATIONS

Section 16 of Public Law 81–815 and section 7, title I, Public Law 81–874, both authorize the appropriation of funds for each fiscal year in the amounts necessary to carry out the provisions of these sections. They also enable the Commissioner of Education, while these appropriations are pending, to use such funds appropriated under other sections of Public Laws 81–815 and 81–874 as may be necessary for immediately providing disaster assistance.

During fiscal year 1966, the first year of the program, funds appropriated for title I of Public Law 81–874 and not needed for that year were obligated for all disaster payments under both acts. Separate accounts of obligations and expenditures for disaster assistance are maintained on a current basis. Funds appropriated for fiscal year 1973 for Public Law 81–874 and for Public Law 81–815 were expended for applications made under the disaster provisions of each act.

## SUMMARY OF DISASTER ASSISTANCE—FISCAL YEARS 1966–73

Between August 30, 1965, the effective date of disaster school assistance legislation, and June 30, 1973, 182 declared disasters occurred in 45 States and 5 territories. School districts in the 45 States and in 3 territories submitted 1,449 applications under section 7 of Public Law 81–874 and 43 project applications under section 16 of Public Law 81–815. As of June 30, 1973, a total of $137,283,450 was appropriated for those applications submitted to the Office of Education under section 7, and $26,748,984 was reserved under section 16.

During fiscal year 1973, 50 separate disasters occurred, involving 28 States. School districts in 26 States submitted 273 applications for assist-

ance under section 7 of Public Law 81–874 and 6 for school construction assistance under section 16 of Public Law 81–815. Of these, 269 districts were determined eligible. A total of $68 million was authorized for payments to school districts during 1973 under section 7 of Public Law 81–874, and $4 million was reserved for 10 applications under section 16 of Public Law 81–815.

It should be noted that in fiscal year 1973, disaster assistance provided was substantially affected by the major devastation of Hurricane/Tropical Storm Agnes. Fortunately, the timing of the storm allowed school systems to obtain Federal funds and make repairs so that schools could reopen approximately on schedule in the fall of 1972, with a minimum disruption of services. Assistance to maintain the level of education which existed in the schools prior to this disaster constitutes a significant portion of the $68 million obligated in fiscal year 1973.

# DESCRIPTION OF BASIC TABLES

Data on which this report is based are presented as of June 30, 1973, and are primarily for fiscal year 1973 for Public Law 81–874 and cumulative (1951 through 1973) for Public Law 81–815.[1] In addition, payments for Public Law 81–874 applicants for fiscal year 1972, adjusted to reflect current figures as of June 30, 1973, are shown.

In these basic tables references are made to specific sections and subsections of each of the acts. The provisions of each law and its principal sections are covered briefly in the text of the report.

**P.L. 81–874 Tables.**—Show applications submitted, appropriations, net entitlements, payments, and total current expenditures of eligible applicants; number of children eligible for payment; deductions from gross entitlements; value of transportation, custodial and other maintenance services provided by other Federal agencies; provision of free public education for certain children residing on Federal property; and number and acreage of Federal properties listed in applications for financial assistance.

**P.L. 81–815 Tables.**—Show appropriations; estimated per-pupil cost of constructing minimum school facilities; applications and projects submitted and processed; increases in school membership eligible for payment; projects approved (those for which Federal funds were reserved, those under construction, and those completed); reservations of funds; number of classrooms provided and to be provided; and number of pupils housed and to be housed.

The last table shows Federal funds estimated for major disaster assistance for local educational agencies in fiscal 1973.

**Special Notes**

(1) "Aggregate United States" as used in the tables means the 50 States, the District of Columbia, and those outlying areas included under the provisions of each act.

(2) In tables 1 and 8 the congressional district is listed immediately after the name of the county if the county in which the school district is located is included in only one congressional district. Otherwise, the congressional district is listed in parentheses immediately after the name of the school district.

(3) "Public Law 81–874" as used in these tables does not include data for Title II: Financial Assistance to Local Education Agencies for the Education of Low-Income Families. That program is administered elsewhere in the Office of Education.

[1] For comparative data for fiscal years 1951 through 1972, see the 22 preceding annual reports of the Commissioner on the administration of these acts. These reports are available for purchase from the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402.

**TABLE 1.—Public Law 81-874, sections 2, 3, and 4: Net payments to and current expenditures of local education agencies, by State, county, congressional district, application number, and school district: Aggregate United States, estimated for fiscal year 1973 and final net payment for fiscal year 1972**

| School district, by State, county, congressional district, and application number | Net payment final 1971–72 | Net payment estimated 1972–73 | Current expenditures 1972–73 |

**TABLE 12.—Public Law 81–815: Congressional appropriations for school construction, by public law number and date: fiscal years 1951–73**

| Appropriation act | Date | Amount |
|---|---|---|
| **GRAND TOTAL** | | **$1,440,592,000** |
| For title II Public Law 81–815 | | 396,500,000 |
| Public Law 81–843 | Sept. 27, 1950 | 21,500,000 |
| Public Law 82–45 | June 2, 1951 | 75,000,000 |
| Public Law 82–134 | Aug. 31, 1951 | 50,000,000 |
| Public Law 82–452 | July 5, 1952 | 135,000,000 |
| Public Law 82–547 | July 15, 1952 | 60,000,000 |
| Public Law 83–357 | May 11, 1954 | [2] 55,000,000 |
| For titles III and IV, Public Laws 83–246, 83–731, 84–382, 84–949, 85–267; title I, 85–620 and 87–344 | | 1,028,182,000 |
| Public Law 83–207 | Aug. 7, 1952 | 70,000,000 |
| Public Law 83–472 | July 2, 1954 | 70,000,000 |
| Public Law 84–24 [3] | Apr. 22, 1955 | 48,500,000 |
| Public Law 84–195 | Aug. 1, 1955 | 24,000,000 |
| Public Law 84–533 | May 19, 1956 | [4] 9,900,000 |
| Public Law 84–855 | July 31, 1956 | 108,500,000 |
| Public Law 85–67 | June 29, 1957 | 41,700,000 |
| Public Law 85–352 | Mar. 28, 1958 | 56,950,000 |
| Public Law 85–580 | Aug. 1, 1958 | [5] 800,000 |
| Public Law 85–766 | Aug. 27, 1958 | 50,000,000 |
| Public Law 86–30 | May 20, 1959 | 24,600,000 |
| Public Law 86–158 | Aug. 14, 1959 | 61,135,000 |
| Public Law 86–703 | July 2, 1960 | 63,392,000 |
| Public Law 87–290 | Sept. 22, 1961 | 24,850,000 |
| Public Law 87–332 | Sept. 30, 1961 | 30,000,000 |
| Public Law 87–582 | Aug. 14, 1962 | [6] 70,778,000 |
| Public Law 88–136 | Oct. 11, 1963 | 23,740,000 |
| Public Law 88–605 | Sept. 19, 1964 | 58,400,000 |
| Public Law 89–156 | Aug. 31, 1965 | 50,078,000 |
| Public Law 89–787 | Nov. 7, 1966 | [7] 22,937,000 |
| Public Law 90–21 | May 29, 1967 | [7] 30,000,000 |
| Public Law 90–132 | Nov. 8, 1967 | [7] 22,937,000 |
| Public Law 90–557 | Oct. 11, 1968 | 14,745,000 |
| Public Law 91–204 | Mar. 5, 1970 | 15,200,000 |
| Public Law 91–380 | Aug. 18, 1970 | 15,000,000 |
| Public Law 92–48 | July 9, 1971 | 20,040,000 |
| Public Law 93–9 | Mar. 8, 1973 | 15,910,000 |

[1] Plus a balance of $96,000 transferred to Office of Education from the Atomic Energy Commission.
[2] For payment of unpaid entitlements original Public Law 815.
[3] Authorized transfer of balances from title II and removed limitation in Public Law 731 on use of funds appropriated for Public Law 815.
[4] Includes approximately $6,625,000 to cover amendments to Public Law 246, as authorized by Public Law 382.
[5] Technical services (HUD).
[6] Includes 1961 supplemental appropriation of $7,092,000.
[7] In accordance with Public Law 90–248, only $24,100,000 of the amounts appropriated by Public Law 89–787, Public Law 90–21, and Public Law 90–132 was made available for obligation in fiscal year 1968.
